The following is especially dedicated to this website's invaders who systematically scour Dr Cathar's message of love with the view to harming her.

Injustice and suffering, including terrible disease, that make the minority rich, can flourish only for as long, as the majority allow themselves to be kept in darkness and remain without principles.

Dr Cathar has gained enemies not only as a Montségur Cathar, but also by defending a nation, the Slovaks, who are seen, since 2014 together with ethnic Ukrainians, as destined for gradual economic and cultural annihilation in Europe. Read more on Slovakia.

It had become clear that the malicious Disney style film about her by the BBC broadcast 14.01.2013 was a façade covering forces attempting to eliminate her.

In 2014 were the individuals who accused her, themselves exposed as an impostor and liars, and that included a "scientist". Chris Geiger, the alleged cancer sufferer, never had cancer, but he built for himself a business on lying about it. Con appears to be the remaining "hope" given to the gravely ill by the World cancer trade that seems to increasingly dominate the health service of the industrial countries.

Since the Middle Ages the establishment has murdered millions of people in order to suppress that very Truth that Dr Cathar in 2006 conveyed to the World via The Cathar Testament. Cathars are not religious, but enlightened free thinking people.

God tells Dr Cathar that there are 21 genuine and dedicated Cathars Worldwide (number risen from 2 in 2007) and that means that any of her persecution, lies about her, and her possible murder, will make them only less fearful and more dedicated. She is not worried about herself, only about the Cathar Testament, which is guaranteed to lead the moral values of future generations on Earth regardless of what happens to her.

Dr Cathar currently works on a series of articles explaining God. The first of these, entitled "The Third Soul", is published on dhaxem.com under "Elementary Read".

By the end of the first phase of humanity at the beginning of the 21<sup>st</sup> century, the evil are entrapped at the bottom of a pit in which snakes clamber on top of other snakes attempting to preserve themselves in their final mortal pangs. As they are kicking, they release more of their own decay. Bureaucracy has grown exponentially and it suffocates all other parts of society. Moral values are collapsed, corruption and open injustice rule. The human apocalypse is peaking, while Final Judgment takes place. The accomplished Souls are rejoicing. The good and the brave are setting themselves free.

The Old World has ended 21.12.2012. A new generation of Souls, appearing as young courageous people, is coming in. Truths that were suppressed for generations are refusing to remain suppressed for longer. Big changes lie ahead.

No 25 brings the worst out in people. This is my response to those who met 25th January 2013 with the view to plotting how to eliminate me. In effect, they wanted to eliminate God who speaks through me, in their belief that they, themselves are the Gods, and that there is no other God above a bureaucratic abuse of power and money. The medieval Cathars spoke of two Gods. A good God of the Spirit World and an evil God of the material World.

Only when I am released from the Earth, will I be free and happy. I was among the first, and was left to be the last to shut the gate. When all Earth's inhabitants will be Cathars, then suffering will cease to exist on Earth – Only then it will be "as above so below".
